2. Approval of December 1, 2025, minutes
 - a. Approved – motioned by Ross, seconded by Lisa
3. Student Reports
 - a. Student Government - Adam
 - i. Since the Winter Break, the Student Government has focused on cleaning up and organizing the current inventory of supplies. This helps determine what supplies need to be purchased and which ones don't. There is now a clear list of what the school has and what will need to be replenished, ie paper plates, cups, etc. A huge thank you to the Student Government for taking the time over Assessment Week to make this happen!
 - ii. There was a Valentines Day themed fundraising Bake Sale held February 4th. Each item was sold for \$2 and approximately \$200 was raised. Thank you to everyone who participated, decorated and worked the event (including the parents and teachers!)
 - iii. The Student Government is currently working on the Cariboo Loves event being held on February 13th. Each student will have a paper heart made especially for them by the Student Government, and it's an event each year where students look forward to searching the whole school to find the heart with their name on it. This year the Student Government are making innovative advancements in creating the hearts which will save them time. They will have each heart printed on red or pink paper with the title "Cariboo Loves", then each Student Government rep will simply have to write the students' name on the heart.
 - iv. The Student Government has an executive meeting tomorrow and they will be discussing Spring events. More to follow!
